

Iowa Architectural Foundation – Architecture in the Schools – Speaker Request Form

Your Contact Information:

Name: _____

Email: _____

Phone Number: _____

School Name: _____

School Location: (Address/City):

Please tell us a little bit about your request:

Please describe your event and expectations of the speaker (Career Day, Presentation, Activity, etc.):

What is the age/grade range of the students you are working with?

Date of your event: _____

Time the speaker would need to be onsite (including set-up, event, etc.):

What equipment would the speaker need to provide?

Do you need more than one speaker? If so, please tell us how many:

Do you have a specific discipline that you would like to request? (i.e. Architecture, Engineering, Landscape Architecture, Interior Design, Planning)

Please help the Iowa Architectural Foundation and the Architecture in the Schools Committee reach more students by answering the questions below:

How did you learn about the Iowa Architectural Foundation?

Has your classroom ever participated in any event offered by the Foundation? (Student walking tours, drawing or photography contests, presentations, etc.) If yes, please tell us which one(s).

What is the best way to incorporate more of the Foundation's programming into your curriculum?

Please note that the Iowa Architectural Foundation and the Architecture in the Schools Committee cannot guarantee that all requests will be fulfilled. All programming is executed by professionals who volunteer for the Foundation. The availability of volunteers is dependent on their availability. To better ensure securing a speaker at your event, please make your request at least one month in advance. Due to the geographical location of the majority of our volunteers, requests made in locations outside of major metro areas may be difficult to fulfill. If a speaker is not available in your area or for your event please contact us for more information on how you can implement architecture programming into your curriculum.
